1 Introduction

This document provides you with important information regarding preparing for and taking an Online Proctored exam. Please ensure you read the information thoroughly **before** your exam day. If you require any clarifications and/or support, please contact our Customer Service Team at customerservice@peoplecert.org

2 System Requirements

Ensure that your computer meets the following system requirements:

- Windows® 11, Windows® 10 (Windows 10S is not supported), Windows® 8.1, Windows® 8.
Note: The Microsoft Store version is only available to Windows 10 version 17763 or later.
- Internet Explorer version 10 or greater.
- Dual-core 2.4GHz CPU or faster with 2GB of RAM (recommended).
- Active Full-Time/Broadband internet connection of at least 4Mbps.
- 16-bit monitor (at least 15") with screen resolution 1024 x 768 or higher.
- Keyboard and mouse or another pointing device (keyboard set to the language of the exam).
- A web camera (embedded or external – no mobile phone). Make sure you can rotate your camera when asked by the Proctor.
- Wired headsets with microphone.

3 Exam Preparation

Your Identification Document (ID):

On the day of your exam your Proctor will verify your ID. You are responsible for ensuring the ID used to register and take your exam is valid and acceptable. On your exam day if you do not present valid and acceptable ID, or the First/Middle Name(s) and Last Name of your ID does not **exactly match** the name you used to register for your exam, you will not be allowed to test and will not be entitled to a refund. You will, however, be able to re-book your exam following the standard exam booking process. Your ID must:

- Be current and valid – ID containing dates that have expired are not allowed.
- Be an original, not a photocopy.
- Include a recognisable photo of you.
- Match the information you gave when you booked your online exam.
- Be a government-issued national/state/province identity card that is recognised by the country in which you are a citizen or permanent resident.
- Contain your Birthdate/Year.
- Contain your First/Middle Name(s) and Last Name in English (Latin) characters¹.

Please note that electronic IDs will not be accepted.

Candidate below 16 years old

Candidates below 16 years old must be supported by a Legal Guardian during the exam on-boarding process. Please note: The Legal Guardian must provide their consent for the exam to be recorded, as per LanguageCert Privacy Policy and Terms of Use. They will also need to provide their ID, as per the ID requirements.

Using an ID document NOT Written in English-language Letters (Latin Characters)

If the ID you are using to register for your online exam is an acceptable ID document but NOT written in English-language letters (Latin Characters), on the day of your exam your online Proctor will check and validate that the:

- ID you are presenting is valid, acceptable and matches the ID details you registered with.
- First/Middle Name(s) and Last Name that you registered with in English-language letters (Latin Characters) is an accurate translation of your native language ID document. The details must be an exact match. If you used a 'preferred name' (e.g., a name you prefer to be known by) to register for your exam that does not exactly match the ID details you registered with, this will not be accepted.

Before the exam, you must:

- Ensure your mobile/cell-phone number, including country code, is completed in your Candidate Profile.
- Disable any Virtualization Software such as VMware, Virtual PC, Virtual Box or Sandbox during the exam. For exam security reasons, the ExamShield cannot run through any virtualization software. You should also close any applications that might affect the exam process, such as web browsers, chat, desktop, sharing and mail client applications.
- Ensure you have read, understood, and fully prepared your exam environment to meet the Security requirements described in **Section 4** of this document.

¹ ID documents not written in English-language (Latin Characters) will **only** be accepted if you have booked your exam selecting a Proctor in your native language. Please refer to PeopleCert's ID Policy for full detail.

- Ensure you have read and followed the Exam Shield Instructions detailed in **Section 5** of this document.
Please note:

- If you are using a corporate device and/or do not have administration rights to the device, please consult your IT department **before** the installation of the ExamShield software.
- If you experience difficulties in installing or executing ExamShield, please add ExamShield to your Antivirus and Firewall **whitelist** and repeat the installation steps. You should consult your Antivirus/Firewall vendor on how to do this. Kindly note that administration rights to the device will be required.
- Corporate networks and/or VPN access may impact service delivery of the exam. You are advised to consult your IT department.
- If you try to use an older version of ExamShield, that is already installed in your computer, an error will appear prompting you to update to the latest version.

4 Security Requirements

When preparing for the exam, you must ensure

- You have the **same, valid** photo ID you used to register and book your exam.
- You have another form of photo ID available, in case additional ID verification is required.
- Your mobile/cell-phone remains switched on but is set **to silent**. The device must be placed out of reach, so you need to move away from your chair to access it.
- You do not have access to any **unauthorised items**, including unauthorised:
 - Notes, manuals, whiteboards etc.
 - Technology. This includes additional headphones, screen(s), monitor(s), keyboard(s), camera(s), projector(s) or projected images/words.
- You are prepared to complete the exam on your own, without any assistance from a third party.
- The room you use to take your exam meets the following criteria:
 - There is only one doorway for access in and out of the room.
 - The room is private, and you can be sure you will be alone for the entire exam.
 - There is no background noise.
 - The walls and desk/tables(s) are clear of all unnecessary and/or unauthorised items (e.g., posters, post-it notes, papers and books).
 - Where note paper, or other resources are allowed, you can and should have this available on your desk for your exam onboarding. You must show these authorised items to the Proctor, on request, so they can ensure there is nothing on them that could provide an unfair advantage.
 - No screens are visible, other than the screen which is being used to take the exam.
 - There is adequate light to ensure the Proctor can see you clearly throughout the exam. Light should not be directed towards the webcam.
- The computer/laptop and technology you are using for your exam meet the following criteria:
 - Cameras are clear and free from obstruction.
 - You can rotate your webcam 360-degrees, low and high, to show **all areas of the room**, including under the desk, the desk surface and any other areas that may pose a risk to exam security.
 - There are no secondary monitors, smart accessories and/or devices connected or accessible.
 - There is one pair of wired headphones connected for the onboarding, listening and speaking parts of the exam.
 - The screen and webcam are positioned so that you and the doorway of the room are fully visible to the Proctor through the webcam.
 - You are sat comfortably and can maintain the same position, in full view of the Proctor, throughout the exam.

Security Checks

During the exam onboarding your Proctor will complete a range of security checks. The Proctor will not start the exam until they are satisfied exam regulations can be met. These may include (note, this is not an exhaustive list):

- Full verification of your identity, including taking of a Test Day photograph and showing your ID via the webcam.
- A full 360-degree scan of your room, including detailed views of under the desk and above/below/inside areas of the room that may pose a risk to exam security.
- Displaying of your computer monitor with your mobile/cell phone or a mirror.
- Requests to move or remove items that may pose a security risk.
- Candidate security checks such as:
 - A close-up view of your sleeves, eyeglasses, ears and/or hair. Please note that you may be asked to remove any scarf, hat, turban, kippah, hijab etc. If you require a female Proctor to carry out this security check, you must contact us via customerservice@peoplecert.org **before** your exam day so that we can ensure a female Proctor is available.

Your Proctor may also repeat security checks during the exam as necessary. This may be because the Proctor has observed something that could compromise the security or integrity of the exam. You must comply with all security check requests in a reasonable and timely manner.

Your exam session will be recorded for quality and security purposes and these recordings are retained in line with our Privacy Policy which can be found here: <https://www.languagecert.org/en/about-us/legal/privacy-policy-and-terms-of-use>

How we deal with non-compliance:

For minor non-compliance your Proctor will notify you of the infringement and immediate action required. If you do not take timely action, or there is a significant risk to the exam integrity, your exam will be suspended, and the session terminated. Your exam may also be sent for post-exam security review. Depending on the nature of the review and its outcomes there may be:

- A delay in the release of your results, pending satisfactory conclusion of the review.
- A requirement to re-sit the exam under the correct exam conditions.
- Annulment of exam results.
- Deactivation of your LanguageCert Profile.

The actions/sanctions applied following a post-exam security review will be proportionate to the non-compliance identified and in accordance with LanguageCert's Sanctions Policy. We will keep you informed of the progress and final outcomes of the review. Where review and investigation are required these will be completed in accordance with our Malpractice and Maladministration Policy. Should a candidate disagree with the final outcome of a review and/or investigation, they can appeal LanguageCert's decision by following the process outlined in our Appeals Policy.

All LanguageCert Policies can be found on our website: <https://www.languagecert.org/en/about-us/legal/policies-and-procedures>
