1 About LanguageCert

LanguageCert is a business name of PeopleCert Qualifications Ltd, UK company number 0962026, subsidiary of PeopleCert Group (PeopleCert).

LanguageCert is an awarding organisation regulated by Ofqual and offers language qualifications that are globally recognised and aligned to the Common European Framework of Reference (CEFR). LanguageCert delivers language qualifications through a network of approved test centres worldwide.

LanguageCert combines language qualification heritage with unparalleled exam administration systems and processes and excellent customer service. For the dissemination and delivery of high-quality language qualifications, LanguageCert relies on the capabilities and systems developed and deployed by its sister companies within PeopleCert.

1.1 About PeopleCert

Established in 2000, PeopleCert is one of the leading players in the global certification industry, partnering with educational institutions, multinational organisations and governmental bodies for the development and management of globally recognised qualifications and the delivery of their related exams.

1.2 Equal Opportunities

PeopleCert fully supports the principle of equal opportunities and is committed to satisfying this principle in all its activities and published material.

The aim of LanguageCert is to produce assessments that are based solely on the requirements of the qualification, and that do not discriminate against any group of learners. No group of learners should be put at a disadvantage by encountering questions or tests which are biased or might cause offence. Assessment material should not discriminate against any group on the grounds of culture, gender, age, disability, ethnic background, nationality, religion and belief, marital status, gender identification, social class, or employment status.

Please refer to LanguageCert's "Equality and Diversity Policy", on the LanguageCert website, www.languagecert.org

2 Purpose of the LanguageCert Test of Classical Greek (LTCG) Qualification Handbook

The LanguageCert Test of Classical Greek (LTCG) qualification handbook provides a comprehensive introduction to the suite of LTCG qualifications and their associated examinations. It also serves as a reference point for test centres, teachers, candidates, and other stakeholders involved in the delivery of the LTCG exams.

3 Introduction to the LanguageCert Test of Classical Greek (LTCG) Qualification

3.1 Aim of the LTCG Qualification

The aim of the LanguageCert Test of Classical Greek (LTCG) qualification is to assess a test taker's ability to understand and use the Classical Greek language in alignment with the Common European Framework of Reference (CEFR). The LTCG qualification is suitable for young people or adults who intend to apply for higher or further education, or professional employment and training programmes. It also aims to provide a valid and accurate assessment of candidates' reading and language use skills at each level.

3.2 Who is the LTCG qualification for?

The LanguageCert Test of Classical Greek (LTCG) qualification is suitable for:

Learners of Classical Greek who:

- wish to acquire an internationally recognised certification of their Classical Greek language competence
- wish to provide current or potential employers with information as to their Classical Greek language level
- wish to master the Classical Greek language and monitor their own progress
- wish to undertake a course of study at a university or college and require evidence of their Classical Greek knowledge

Universities and Colleges that:

- need to establish the Classical Greek language level of students to evaluate their ability to follow their chosen course of study
- wish to offer students a test which will provide them with widely recognised certification of their Classical Greek language knowledge
- require an externally recognised certification as part of their matriculation or graduation process

3.3 Entry Requirements

There are no entry requirements for any test taker prior to taking their LanguageCert Test of Classical Greek (LTCG) qualification. However, it is important that Test Centres offer test takers the most appropriate LanguageCert Test of Classical Greek (LTCG) qualification, depending on each candidate's ability and individual needs.

There is no minimum age recommended, however the exam has been designed for adults that have attended relevant courses or young underage candidates who have attended similar courses.

3.4 Guided Learning Hours (GLH) and Total Qualification Time (TQT)

Guided Learning Hours (GLH) is the number of hours that a centre or other provider of education or training delivering the qualification might need to provide. Guided learning means activities, such as lessons, tutorials, online instruction, supervised study and giving feedback on performance, that directly involve teachers and assessors in teaching, supervising and invigilating learners. As a learner advances up the levels, the number of hours to attain each level increases, this being evidence of the continual nature of language learning.

For the LanguageCert Test of Classical Greek (LTCG) qualification, LanguageCert specifies a total number of hours – stated as Total Qualification Time (TQT) – that it is estimated learners will require to complete and show achievement for the qualification.

LanguageCert Level	Qualification Title	Guided Learning Hours (GLH)	Total Qualification Time (TQT)
A1	LanguageCert Test of Classical Greek (A1) (Reading & Language Use)	100 hours	160 hours
A2	LanguageCert Test of Classical Greek (A2) (Reading & Language Use)	120 hours	200 hours
B1	LanguageCert Test of Classical Greek (B1) (Reading & Language Use)	180 hours	300 hours
B2	LanguageCert Test of Classical Greek (B2) (Reading & Language Use)	260 hours	400 hours

Please note that the above figures are estimates of numbers of hours a learner is reasonably likely to undertake with reference to each respective level of the qualification, not cumulative estimates across the two levels.

LanguageCert liaises with its test centres and users to ensure that appropriate and consistent numbers of study hours are assigned to its qualifications.

3.5 Skills Tested

The LanguageCert Test of Classical Greek (LTCG) suite consists of reliable and valid tests of Classical Greek that use a variety of tasks to assess a test taker's reading and language use skills along with their awareness of lexico-grammatical structures.

Reading

Test takers are required to read short and long texts on general topics. The reading component assesses test takers' ability to understand the main idea of a text or to look for specific information or line of argument.

Language Use

Language awareness and understanding is assessed with various items focusing on vocabulary, syntax and lexico-grammatical knowledge.

Both test components contribute to a profile which defines the test taker's overall language ability at each level.

3.6 'Can Do' Level Descriptors

LanguageCert specifications of what learners can actually do at each level (A1, A2, B1, B2) in the Classical Greek language are described below.

LTCG and CEFR Levels	Descriptors
A1	<ul style="list-style-type: none"> • Can recognise familiar words and very basic phrases in short texts. • Can understand simple information if there is visual support. • Can understand very simple sentences on familiar topics and obtain information from texts. • Can read short simple texts and understand simple information. • Can get an idea of the content of simpler informational material and short simple descriptions. • Can control a few simple grammatical structures and syntax patterns in a learnt repertoire. • Can reproduce a limited range of sounds as well as the stress on simple, familiar words and phrases correctly. • Can use basic punctuation.
A2	<ul style="list-style-type: none"> • Can recognise high-frequency words and words with common spelling patterns on familiar topics. • Can understand the main points and locate specific information in short simple texts on familiar matters. • Can work out the probable meaning of unknown words from the context. • Can understand the main information in short and simple descriptions. • Can understand texts describing people, places, everyday life, and culture, etc., provided that they are written in simple language. • Can understand short narratives and descriptions if written in simple words. • Can control simple grammatical structures and syntactical patterns in a learnt repertoire. • Can recognise and reproduce sounds in the target language correctly. • Can understand straightforward information related to main details.
B1	<ul style="list-style-type: none"> • Can understand texts that consist mainly of high frequency everyday language. • Can understand the main plot of a clearly written story and recognize the important events. • Can understand the description of events and feelings. • Can locate and understand details in narratives, descriptions, and discursive texts on familiar topics. • Can gather information from different parts of a text to fulfil a specific task. • Can understand the purpose of different texts.

LTCG and CEFR Levels	Descriptors
	<ul style="list-style-type: none"> • Can understand a limited range of longer passages and authentic texts. • Can understand passages including some unfamiliar material to recognise attitudes and emotions. • Can produce a summary or translation of a given text. • Can understand facts, opinions, attitudes, and writer purpose. • Can locate and understand specific information through detailed reading. • Can understand how meaning is built up in a text.
<p style="text-align: center;">B2</p>	<ul style="list-style-type: none"> • Can understand a broad range of vocabulary but may experience some difficulty with low frequency idioms. • Can understand texts which contain a broad range of grammatical structures. • Can understand a broad range of discourse markers including those expressing addition, cause and effect, contrast, sequence, and time. • Can understand texts in different styles and purposes with a large degree of independence. • Can understand a wide range of authentic texts dense in complex structures. • Can understand the way meaning is built up in a range of texts. • Can locate specific information from different parts of a text or different texts. • Can locate and understand information, ideas, and opinions from longer more specialised sources in a range of contexts. • Can extract the more salient points of detail from longer texts on concrete and abstract topics. • Can understand the features of register in texts including those conveying emotion or dispute.

4 Overview of Scoring

The LanguageCert Test of Classical Greek (LTCG) examinations are stringently assessed against the criteria as detailed in the Syllabus (*see section 10 of this handbook*). The overall performance is calculated by adding the scores achieved in all parts as the weighting of all parts is equal.

With the completion of a paper-based version of the LTCG test, the test taker receives a score within a scale from 0 – 100 and a 'Statement of Results' stating an overall score they have achieved.

5 Results, Reports and Certificates

For the LTCG computer-based exam, provisional results will be available on screen upon completion of the test. Official results (i.e., Statement of Results and e-Certificate) for both computer-based and paper-based exams will be available online within a few business days from the date of the exam.

Hard copy certificates will be issued following the official announcement of the results.

The LTCG certificate has life-long validity. No surveillance or recertification is required for the candidate to keep their certificates.

6 The LTCG Qualification Titles

The table below outlines the names and qualification titles for the four levels of the LanguageCert Test of Classical Greek (LTGG) qualification.

LanguageCert level	Qualification Title
A1	LanguageCert Certificate in Classical Greek (A1) (Reading & Language Use)
A2	LanguageCert Certificate in Classical Greek (A2) (Reading & Language Use)
B1	LanguageCert Certificate in Classical Greek (B1) (Reading & Language Use)
B2	LanguageCert Certificate in Classical Greek (B2) (Reading & Language Use)

The full qualification titles identify the level of each qualification inclusive of the LanguageCert levels.

The name of each examination and appropriate LanguageCert Level appear below the title on each certificate.

7 The LTCG Qualification Formats

The LanguageCert Test of Classical Greek (LTCG) suite comprises three levels of Classical Greek language ability:

- A1
- A2
- B1
- B2

and is available in two different formats:

- Paper-based test
- Computer-based test

The LTCG paper-based and computer-based suite assesses candidates' reading and language use. The LTCG A1 and A2 level tests are ideal for candidates who need proof of a lower level of knowledge in the Classical Greek language, or beginners who need to monitor their progress as they go. The LTCG B1 and B2 tests are suitable for candidates who aim for a higher level of acquisition and development of the Classical Greek language.

8 Advantages of the LTCCG Qualification

Flexible Examination Dates

LanguageCert Test of Classical Greek (LTCCG) tests are available on demand to approved Test Centres or via Online Proctoring services.

Flexibility of Exam Format

Test takers have the choice to take the LTCCG exam either in a paper-based or in a computer-based format according to their needs and schedule.

Results and Certificates

For the LTCCG computer-based exam, provisional results will be available on screen upon completion of the test. Official results (i.e., Statement of Results and e-Certificate) for both computer-based and paper-based exams will be available online within a few business days from the date of the exam. Hard copy certificates will be issued and shipped to test takers and test centres following the official announcement of the results.

Relevance

The tasks are sufficiently universal to suit all language learning styles and preparation methods. All efforts are made to minimise bias, including statistical analysis methods.

9 The LanguageCert Test of Classical Greek (LTCCG) Test Structure

9.1 Overview

The chart below shows the structure of the LanguageCert Test of Classical Greek (LTCCG) qualification and the duration of each associated examination. All examinations test Reading and Language Use.

Tests	LanguageCert Test of Classical Greek (LTCCG) Paper-Based Tests		
	Components	Duration	Structure
A1	Reading and Language Use	60 minutes	4 parts / 40 items
A2	Reading and Language Use	80 minutes	4 parts / 40 items
B1	Reading and Language Use	100 minutes	5 parts / 40 items
B2	Reading and Language Use	120 minutes	5 parts / 40 items

9.2 The Reading component

LanguageCert Test of Classical Greek (LTCCG) is an international Classical Greek test, and it is intended that there will be a mix of provenance of input texts in test materials (i.e., epic poetry, lyric poetry, historiography, philosophy etc.)

The Reading and Language Use component of the LTCCG exam consists of four task types for levels A1 and A2, and five task types for levels B1 and B2.

10 Syllabus

10.1 Introduction

The syllabus shows the standards for Reading and Language Use which a learner must meet in each of the four levels of the examination. The standards must be read in conjunction with the sections showing the grammar items and the topics used and tested at each level.

The standards set out in the following pages are cumulative. That is, an A2 level candidate, will be able to carry out the standards set out for levels A1 and A2, a B1 level candidate will be able to carry out the standards set out for levels A1, A2 and B1, a B2 candidate will be able to carry out the standards set out for all levels.

10.2 Topics – A1, A2, B1, B2

A1	A2 as Level A1 and in addition	B1 as Level A2 and in addition	B2 as Level B1 and in addition

10.3 Word List– A1, A2, B1

The list of words is indicative - not exhaustive - and includes core vocabulary that will be required for the successful completion of the tasks.

Words that follow grammatical patterns not included in the respective level of grammar will only be assessed in terms of meaning.

The items included in the list of words are cumulative. That is, an A2 level candidate, is expected to have acquired the vocabulary of levels A1 and A2, while a B1 level candidate is expected to have acquired the vocabulary of levels A1, A2 and B1. Please note that a B2 level candidate is expected to be familiar with a wide range of vocabulary and authentic texts; hence, a list of words is not provided for level B2.

11 Reasonable Adjustments and Special Considerations

11.1 Policy Overview

LanguageCert's Equality and Diversity Policy is in compliance with all current and relevant legislation (Equality Act 2010) and requires all learners to have equal opportunity to access all qualifications and assessments. In order to ensure that the language ability of all test takers is assessed fairly and objectively, LanguageCert provides reasonable adjustments and special considerations for test takers who have special requirements, including specific learning difficulties, hearing or visual difficulties, impaired mobility, and medical conditions.

The provision for reasonable adjustments and special consideration arrangements is made to ensure that candidates receive recognition of their achievement so long as the equity, validity and reliability of the assessments can be assured. Such arrangements are not concessions to make assessment easier for candidates, nor advantages to give candidates a head-start. All LanguageCert authorised test centres are expected to ensure that LanguageCert qualifications and assessments do not bar candidates from taking them and must adhere to the principles and guidelines included in the LanguageCert Reasonable Adjustment and Special Considerations Policy on LanguageCert's official website, www.languagecert.org.

11.2 Reasonable Adjustments

A reasonable adjustment is any action that helps to reduce the effect of a disability or difficulty that places the candidate at a substantial disadvantage in the assessment situation. It is applied to an assessment to enable a candidate with a disability or learning difficulties to demonstrate their knowledge, skills and understanding of the levels of attainment required by the specification for that qualification. Therefore, candidates should be fully involved in any decisions about reasonable adjustments. This will ensure that individual needs can be met, whilst still bearing in mind the specified assessment criteria for a qualification.

Reasonable adjustments are approved or set in place before the exam takes place and requests should be submitted no later than 30 days before the exams. As the needs and circumstances of each candidate are different, centres must consider any request for a reasonable adjustment on a case-by-case basis. If a centre is making a request on behalf of its candidates, it should complete a 'Reasonable Adjustments request form' (centres will find this in our Partner's Area) and in doing so supply relevant supporting documentation.

Individual candidates can make requests directly to LanguageCert using the channels described in the "Contact Us Guide". All candidates who are requesting reasonable adjustments because of a disability must provide appropriate documentation of their condition and how it is expected to affect their ability to take the test under standard conditions. This may include additional supporting documentation from the professional who diagnosed the condition.

11.3 Special Considerations

Special consideration can be applied after an assessment if there was a reason the candidate may have been indisposed at the time of the assessment. For example, special consideration could apply to a candidate due to a temporary illness or injury or due to some other event outside of their control (e.g. exam conditions) which might have had material effect on that candidate's ability to take an assessment or demonstrate their level of attainment in an assessment.

Special consideration should not give the candidate an unfair advantage; neither should its use cause the user of the certificate to be misled regarding a candidate's achievements. The candidate's result must reflect their achievement in the assessment and not necessarily their potential ability. LanguageCert's decision to award special consideration will be based on various factors, which may vary from candidate to candidate and from one assessment to another. These factors may, for example, include the severity of the circumstances and the nature of the assessment.

Requests for special consideration should be submitted after the exam and no later than 5 days after the date of the exams. If a centre is making a request on behalf of its candidates, it should complete a 'Special Considerations request form' (centres will find this in our Partner's Area) and in doing so supply relevant supporting information.

Requests may only be accepted after the results of assessment have been released in the following circumstances:

- Application has been overlooked at the centre and the oversight is confirmed by the centre co-ordinator
- Medical evidence comes to light about a candidate's condition, which demonstrates that the candidate must have been affected by the condition at the time of the assessment, even though the problem revealed itself only after the assessment

If the application for special consideration is successful, the candidate's performance will be reviewed in the light of available evidence. It should be noted that a successful application of special consideration will not necessarily change a candidate's result.

The application forms for Reasonable Adjustment and Special Considerations requests can be found on LanguageCert's official website (<https://www.languagecert.org/policies-procedures>).

The LanguageCert Test of Classical Greek (LTCG) qualification assesses the candidate's ability to read. As a result, some access arrangements cannot be permitted. Examples are given in the table below.
